## SKILLS

## PROFILE

I am an educated Photographer from Slovakia with design oriented background. Love for digital art brought me to Denmark, where I studied Multimedia Design and gained experience in a more complex way. To bring my abilities to another level, I decided to continue my education as Web Developer and balanced my creativity with technical skills.

## EXPERIENCE

### Photographer

Editing and taking pictures of social events, portraits, commercial products or abstract art.

### Graphic Designer

Creating visual identity, design or illustrations for promotional merchandise.

### Art Gallery Assistant

Being part of exhibitions and working in depth with different types of art such as paintings, photos or sculptures.

## COURSES

- Portrait Photography
- Full-stack development
- PHP & MySQL
- React & NodeJS
- Python & Django
- Development Environments
